

Cheam LTC Junior Coaching Classes

We are a premier tennis provider in Surrey with over 16 years of experience, teaching from beginners to top nationally ranked juniors. We offer tennis classes starting at 3 years old and continuing to players at 18 years old. Whatever age or standard, we will have a group for your child. At Ace Coaching, we believe in our methods of quality over volume, and as a result, we endeavour to have a **maximum of four players per coach** in each hourly class. Whether you are a beginner, an expert, or somewhere in between, we want to make it possible for anyone to enjoy tennis!

Introducing a change to our junior coaching programme, now called [LTA Youth](#).

Designed to adapt to each individual and grow as they do. The age ranges are broader than before as we operate on a “stage before age” approach, as every child is different. This is why the age ranges for the classes overlap. Don’t know which class to book? Ask us!

Spring Term 2021

Our latest term-time classes are running from Monday 4th January to Saturday 27th March (Excluding Mon 15th – Sat 20th Feb). Junior Coaching Courses must be booked online at <https://www.aceamit.co.uk/junior-coaching/> before commencing.

There are discounts available for multiple bookings. This could be a sibling or the first child taking a second lesson. Please enquire about this. Cancellation policy: If WET weather lessons are cancelled, lessons can be made up on alternative classes during the week. It is your responsibility to arrange this with the coach.

Players will be placed into one of the following groups for their sessions:

Starter: Players only playing once a week and still developing the basic fundamentals of the game; (serve, forehands, backhands, and volleys.). Looking to further improve their tennis.

Improver: Players committing to playing twice a week. Someone who can rally and serve consistently and is showing signs of being ready to play some matches and can start to introduce some basic tactical play, while also improving their technical fundamentals.

Academy: Invitational sessions for players who are committed to tennis and are playing three times a week. They are consistent, have good technical fundamentals and are starting to build tactical awareness. Looking to compete externally.
